

Roshish Shrestha

FLUTTER DEVELOPER

Maitidevi, Kathmandu | +977-9822877994 | roshish152002@gmail.com | [GitHub](#) | [LinkedIn](#) | [Website](#)

Flutter developer with nearly 3 years of experience and specialization in complex mobile application design and developing innovative solutions.

Experience

- Slash Plus | Software Engineer** Jun, 2023 - Present (1 year and 2 months)
Worked on revamping and enhancing existing legacy applications, introducing new features and increasing overall performance using Flutter. Worked with native languages (Kotlin & Swift) to create packages with native features like remote shell execution with root access, custom printer library, iOS Object Capture API etc. Committed in delivering practical, efficient, and effective outcomes that meet the unique needs of each project.
Projects: [Signage Plus](#), [Digibuzz](#), [Blue Bus Ticketing](#), [GPS Sewa](#), [Sajha Plus](#)
 - Softechtonic | Junior Flutter Developer** Mar, 2022 – Jun, 2023 (1 year and 4 months)
Specialized in the analysis, design, and development of mobile applications for schools. Skilled in identifying the needs and requirements of educational institutions and creating user-friendly and efficient apps to support teaching and learning. Experienced in the full lifecycle of mobile app development, from concept to launch.
 - Herald Development Platform | Flutter Team Lead** Apr, 2022 – Aug, 2023
Led a team of skilled Flutter developers in the development of Herald College Application. Provided guidance and mentorship to team members to ensure their professional growth and development. [Link to the Application](#)
-
